### 5. Other Business

[COM-13:051](#)

Discussion concerning the St. Bernards Health & Wellness fitness project

**Attachments:**     [Rates for fitness project](#)  
                                 [Results from the training](#)

*Police Chief Michael Yates explained the Police Department had participated in a strength and conditioning program with St. Bernards for the Swat Team. He added he has been unable to find another place to do this kind of training.*

*Mr. Paul Pickens with St. Bernards discussed the results from the Swat Team members who participated in the program.*

*Mayor Perrin asked if the \$70 enrollment fee is in addition to the Assessment Screening fee. Mr. Pickens answered yes. He added St. Bernards Health & Wellness is doing an exclusive program just for the Police Department and the amount would be \$95 a month per officer.*

*Councilman Moore stated the City may pay more upfront, but it could be a benefit to the City when it came to workers compensation claims. Chief Yates noted he would not expect 100% compliance with the Police Department, but he could phase the program in over time and if the City would help offset some of the cost he thinks most of the Police Department would be willing to pay the difference. Councilman Moore recommended that the City require a post employee physical evaluation because someone could pass the physical test when they were first hired, but currently not be in shape for the job.*

*Discussion was held concerning what the statistics are on various health issues.*

*Mr. Pickens stated that he has had several officers who have rotated off of the SWAT Team ask if they could rejoin this program because it was so beneficial.*
