j. Military & Veterans Affairs

James Cameron, Military & Veterans Affairs Officer from the Military and Veterans Affairs Office presented via PowerPoint.

Board Discussion and Direction

Supervisor Jane Parker thanked the departments for their presentations and noted the other departments that also have interest and needs that did not present then recapped the following:

Assessor’s Office: Maintain at $285,000
Auditor’s Office: Payroll position $100,000
IGLA: Maintain membership & other increases between $50,000 - $100,000
MCSO: Maintain $6,000,000
Just a start to keep departments whole;
District Attorney’s Office: Attorney positions and trial expenses $425,000 -
$450,000
Public Defenders’ Office: Three (3) positions and trial expenses $825,000
Resource Management Agency: Two (2) positions $200,000 and variety of other compelling requests (i.e. CSD's to be in a better position, the Ground Water study)
Social Services: Critical to our County
Military & Veterans Affairs: Critical to our County
Public requests: Early education; health; sustainability coordinator 50% for Go Green Program and 50% for Resource Management Agency (RMA); racial equity = approximately $670,000

Provided the following directions to take:

Human Resources: Eliminated the Learning and Organizational Development program for training purposes to start to build this back up for organizational effectiveness;
Resource Management Agency need to be more vocal throughout the year on their needs;
General Plan policies get those completed before we do them again;
Suggested to have an outside person do interviews on those that have left the Planning Department over the last 4 or 5 years to do a survey as to why they left to be proactive on addressing the issues;
Review of the vacation accrual cap to come up with a standard and ask the X and Y Units to step up in this area and adopt the standard to lead the way; and
Review of the Transient Occupancy Tax (TOT) and how the $1.3 million is being used

Supervisor Luis A. Alejo reiterated we still have a challenging budget and to continue to be mindful of our reserves and the potential recession to come; he also brought forth there are many other departments besides the one that presented that also have needs to be looked at and to proceed cautiously (i.e. all the water projects); he reminded all about the request from Salinas Valley Hartnell Promise and about the Soccer Complex needs sharing the City of Salinas has set aside $250,000 and will use that towards the Soccer Complex if the County is willing to match that as this project has been out there since last Fall. He thanked all the departments for their presentations.

Supervisor Mary L. Adams thanked the Budget Division for all their hard work with the budget and reflected that the budget is a reflection of who we are as a County with continued needs of transparency and advances in racial equity; the need to receive a return on our investments upfront; to focus on early childhood programs as a forward thinking process, leveraging programs that bring in money to the County and affordable housing; she mentioned the need to keep the promise to the public on transparency with the cannabis funding and to keep the public’s feedback in mind on how to use that money.

Supervisor Chris Lopez also stated the TOT is/was to offset impacts to the community as well as the cannabis monies; he sees the impacts on the roads; he wants focus on investing early and often; we need to invest early in early childhood and strong; with the Soccer Complex the community would see the immediate impacts; he agreed with keeping the transparency for the community on how the cannabis monies are being spent as he looks at it through an equity lens; he mentioned the needs for the lake funds as this is a way the community spends their recreation time on holidays and weekends;
invest in assets we own which will make a difference in our communities. He understands these challenges are real; however, keep the transparency there and let the community know we have been listening to them.

Supervisor John M. Phillips commented on the Soccer Complex with mentioning the need of the park in Los Lomas that has been asked for some time now by the constituents in that area; he supported the Prunedale Senior Center, that the Assessor remain whole as well as the Auditors' Office but at this time don't expand on the audit division; he agreed with some of the County Administrative Office's request for augments; with the Monterey County Sheriff's Office he stated we do not have a choice as we have to run the jail and we need money to do so; the Public Defender and District Attorney's Office keeping them as status quo with RMA contract out more and we need the budget for that; the Health Department he agrees with all of those discussions especially with early childhood education which can be funded through cannabis and he thinks there is some real need in the conservator guardian area with the courts being concerned in this area and we don't have a choice with the wage increase with IHSS; he thinks the TOT formula should be re-evaluated so we can see how the money is being distributed.

Further dicussions are had on the review of the TOT and cannabis funds by Supervisor Mary L. Adams, Supervisor John M. Phillips and Supervisor Chris Lopez.

Supervisor John M. Phillips thanked everyone for their efforts.

Read Out from Closed Session by County Counsel

CLOSED SESSION REPORT:
