   Other Board Matters

11. Board Comments

    Supervisor John M. Phillips made no comments this week.

    Supervisor Jane Parker reminded everyone that sustainable Seaside is hosting an Earth Day celebration on Sunday, April 28th at City Hall from 1:00 to 4:00 p.m.; she encouraged everyone to stop by to visit the information booth and to enjoy live music as well as test drive an electric vehicle; the Monterey Bay Electric Vehicles Alliance in cooperation with the Monterey Bay Air Resources District are bringing in local dealerships with cars like Nissan Leaf or Chevy Bolt; electric vehicle drivers will be there to talk about how they choose their particular car and what it’s like to own an electric vehicle; they can answer any questions you might have which should be fun and informative; she shared it was because of going to an event like this and talking to a couple people who already had electric vehicle that could talk her through the questions she had that gave her the confidence to do what her mind wanted to do but she was a little hesitant about; there are really interesting differences in vehicles available and different ranges on how it all works so really check out the electric vehicles as well as all the other good things that will be happening this Sunday April 28th at the Seaside City Hall from 1:00 to 4:00 p.m.

    Supervisor Luis A. Alejo commented he had the honor, last week, to attend
the Fourth Anniversary of Housing California Conference in Sacramento; he went this year because he felt the legislation at the Capitol was a perfect time to find out what the packages of Bills are moving forward and also potential additional funding cycles for the County to be able to get more housing off the ground and also address the homelessness crisis in Monterey County; he said it was very informative and the workshops were very helpful for him to understand what he can do more as policymaker to achieve more housing for the local constituents; lastly he commented that tomorrow he and Supervisor Adams are going to the CSAC Legislative Conference that will also be in Sacramento which he looked forward to representing our County and pushing some of the goals the counties are pushing with the state legislature.

Supervisor Mary L. Adams shared we have the Big Sur Marathon coming up, this weekend, it's going to take place on Sunday the big Marathon itself will but there are lots of other activities surrounding the marathon itself particularly Saturday which is dedicated to children in the improvement of health and the importance of really paying attention to your well-being throughout your life; the Big Sur Marathon brings thousands and thousands of people to the District for the race but it also brings hundreds of thousands of additional income into the County through the many people who come to visit, who eat in our restaurants and enjoy the hotels which is really wonderful; she also shared they had another a fireside chat which they have quarterly in the District held at the different fire departments; this time it was at Cypress California Fire Station and it was not too much talking about fire this time as much as it was talking about ambulances which was a really interesting presentation.

Supervisor Chris Lopez shared tomorrow night he'll be holding a community town hall listening session in King City, in partnership with Mayor LeBarre, it will be at the King City library starting at 6:00 p.m. which they are looking forward to; they will be working their way up the valley with the listening sessions but King City is the first one after hitting some of the unincorporated communities; the other two things he wanted to update the community on was the weekend before they had some amazing things going on in South County; on Sunday they had Ciclovia; he gave a shout out to the Health Department for putting that event together as it was extremely well attended; they raffled off a ton of bikes and the community really showed up; it was an amazing day on the streets to see everybody out enjoying the public space that is theirs and that Saturday they had an Earth Day Cleanup in San Lucas which he anticipated a 9:00 a.m. kick-off but when he got there, about 8:30 a.m., there was a line already around the block with trucks ready to dump their loads; he shared it was amazing to see the work that Waste Management, our partners, with the Health Department and the Salinas Valley Solid Waste Authority by coming together to make that available to the community; they had a great group of kids there from San Lucas School District with their Principal Mrs. Riley out on the street helping scoop things up and they were able to deliver quite a few full bins out of that community again one of those events that left a mark as a lot of kids came up to him and asked if they can do it again next year and he replied absolutely so that was their kick off of Earth Day in the Third District.
