Board Comments

Supervisor John M. Phillips made no comments this week.

Supervisor Chris Lopez commented Mee Memorial is going through a tough adjustment, down in King City. He requested, of the County, maybe through
the Work Force Development board, our other staff can reach out to maybe soften the blow for those 43 - 46 employees that are going to be released through their realignment, so he liked to make that request official. The other is he is getting back on the circuit of townhalls. They are going to start this up again. On July 25th they have one in Chualar at Alma's Bakery. They are proud to be partnering with them to bring a conversation about community safety. The other is a townhall in Greenfield on August 7th that they are still ironing out the time for, but it would be between 5:00 p.m. and 5:30 p.m. for a start. He and Assembly member, Robert Rivas, will be hosting a conversation on housing and the flyer will be out in couple of days.

Supervisor Mary L. Adams commented they had a great Pride parade in Monterey with a lot of attendees. It was the third one that they had since the break that took place and it was wonderful. There were so many attendees with a lot of public officials who were there walking and supporting. It was an important time for their community. She also mentioned a meeting down in Big Sur on Sunday and she took great pleasure in driving past Point Lobos to see just a couple of cars parked on the wrong side of the road, on the east side, and the Highway Patrol were out there giving tickets. As she drove by, she gave them a big thumbs up.

Supervisor Luis A. Alejo commented that he forgot last week to take a moment to recognize our Legislative team. This year they had some major budget victories in the state budget for Monterey County something that we haven’t accomplished in quite some time. He wanted to take an opportunity to thank our Assistant County Administrative Officer, Nick Chiulos and Annette D’Adamo all our lobbyist that worked with them and certainly our legislative delegation for Monterey County. They were able to secure $17 million dollars for the inner lake tunnel project this year which is significant to cover the cost for some required fish screens for that water storage project. Secondly, and more importantly they were able to be successful in acquiring $5 million for the Salinas regional soccer complex. This will allow us to almost fully fundraise phase two to implement the new ten (10) soccer fields on the county property across Natividad hospital. This is a big accomplishment for the soccer teams, for families, for youth and for coaches. There was a shortage of soccer fields here so to be able to carry out the next phase of this project is something that we should all be proud, and we hope to make it something our families can be proud of in the future. Lastly, he wanted to mention two things. National Night Out is coming up on August 6th. He wanted to encourage residents to participate on that Tuesday night. It’s a night where our local law enforcement connects with local neighborhoods and on that day he is also announcing the annual Monterey County Peace awards. This is something he has done for the last 9 years to recognize local individuals, organizations and businesses that promote peace in our community. The deadline to submit nominations is on July 31st. He wanted to encourage residents to do. Additionally, on August 9th he will have Coffee with Luis at La Plaza Bakery East Salinas at 5:30 p.m. The topic will be preparing for the U.S. Census with our County leader Rosemary Soto, who will be speaking about trying to engage the community in the County efforts.

Supervisor Jane Parker also mentioned what a great celebration the Pride parade was over the weekend. She also shared the Communities for Sustainable Monterey County had an event on Saturday as well. Really looking back at some of the things that they can point to they were involved in
where they were successful outcomes. From things like a plastic bags, plastic bag ban and encouraging use reusable bags, straws. These are the kind of a little things we can do in our daily life to help not damage the planet, too much. They're also focusing quite a bit on supporting the communities and educating the community and elected officials on the value of infill mixed-use development. They were instrumental in bringing most of our cities and the county itself into membership and formation of the Community Choice Energy, Monterey Bay Community Power and now that so much of our electricity source well if you’re getting her power from Monterey Bay Community power it’s 100% carbon free you can also opt for %100 renewable, if you like, and that's one of the largest sectors of our lives that contribute to greenhouse gases and to climate change. Now the next big sector is transportation really looking at electric vehicles, electric charging stations reducing our trips taking transit and really figuring out on the way to bring those impacts down. It was really a great celebration as well. A lot of work that's been done and a lot more work to do.
