Uptown Rezoning Application
500 NW 62nd Street
Case No. UDP-Z26001

**RE: Rezoning from Heavy Commercial/Light Industrial Business (B-3) District to
Uptown Urban Village Southeast (UUV-SE) District - 500 NW 62nd Street - ULDR Rezoning
Criteria Responses**

The property owner, Pinnacle Corporate Park, LLC, is requesting to rezone 572,589 square feet (13.14 acres) of land located at 500 NW 62 street from Heavy Commercial/Light Industrial (B-3) District to Uptown Urban Village Southeast (UUV- SE) to permit the development of a mixed-use project on the site. The City of Fort Lauderdale staff is processing the rezoning on behalf of the property owner.

Pursuant to the City's Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning Criteria, an applicant must demonstrate that the application for a rezoning meet the following criteria:

1. The zoning district proposed is consistent with the City's Comprehensive Plan.

The property is currently zoned B-3 and has an underlying land use designation of Uptown Urban Village – Transit Oriented Development which is intended to allow for uses such as residential, commercial, office and lodging services. The City Commission recently approved a transmittal of an amendment to the underlying land use to remove an existing residential restriction for properties east of Powerline Road and north of Cypress Creek Road, and east of Andrews Avenue and south of Cypress Creek Road to allow residential uses in the UUV-SE district. Please refer to the Comprehensive Plan Consistency section within this report for additional information.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

The development in the surrounding area is characterized mainly by office, hotel, and commercial uses with a lack of residential and mixed-use developments. Rather than adversely impacting the character of development in the area with more intense uses such as industrial manufacturing, the proposed rezoning to UUV-SE will have a positive impact by allowing for mixed-use development that will create a stronger tax base, add residential to the area, and will further the live, work, play environment that the City envisions for the area.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

The UUV-SE zoning district permitted uses are compatible with the surrounding zoning districts permitted uses in such that office, hotel, and commercial are permitted in both the existing and proposed zoning.
