Other Board Matters

16. Board Comments

Supervisor Luis A. Alejo thanked the Chair for taking a moment to acknowledge the tragedies that our nation suffered. Certainly, in Gilroy our close neighbors. He had the opportunity to attend two funerals of 2 of the 3 victims. The third victim, Trevor Irby, had his funeral in New York, and he was not able to attend. He attended the funerals of a little 6-year-old boy and a 13-year-old little girl that were just starting their lives and their lives cut short. This was certainly one of the most difficult moments in his political life to have to attend the funerals of two children that were gunned down so early in life. He thanked the Chair for taking the moment of silence. It's a reminder that much more needs to be done in the legislature between states and at the federal level to better regulate guns to keep our community safe. He was glad as after that tragedy there were several festivals the Strawberry Festival, the Salinas Food and Wine Festival and car week. All these events went on as people came out despite that fear and tragedy which is the best thing, we can do is continue to give our lives and continue to come out and not be afraid because of a few crazed individuals with assault rifles in their hands. He also mentioned he wanted to take a moment to acknowledge our dedicated workers are SEIU members for being here. It is always nice as we are honoring Labor Day this coming weekend and it's important to reflect on all the people who make our County great who do all the tough work day in and day out providing services to our constituents and to those from outside our County. He wanted to acknowledge the work they do and hopefully we can all reach a just resolution not too short here on the labor negotiations.

Supervisor John M. Phillips commented we've been off for a month now and during that time a number of things have happened. They had a good meeting
on the census with the LULAC in Castroville and it was well attended. He
thinks the community is really committed in making sure we have an accurate
census. Last Sunday he attended an event at Rancho Cielo. They had about
fifteen to two thousand people there. They had a dodgeball tournament, hay
rides for kids, face painting and they also taught the kids to fish. It was a nice
community event and that's the way our community is supposed to be coming
to events like that and not having to worry. He shares Supervisor Alejo's
concern especially about assault type weapons being permitted in a civilized
society and this is something that needs to be worked on.

Supervisor Mary L. Adams commented as Labor Day approaches Monterey
County is at its absolute most beautiful. The weather is better now than it ever
is in during any other time of the year. She encouraged everybody to take the
time to go outside and enjoy the amazing place that we call home. Most
importantly she hopes we take the time over Labor Day to appreciate the
workers both past, present and future who sacrifices, and through tiring efforts
are responsible for so much of the goodness we have in life.

Supervisor Chris Lopez commented on a great town hall meeting in Gonzales
last Friday. He stated that even though he didn't pull items 38, 39 and 40 that
dealt with mental health in our communities specifically in our schools. We
have great partnership that are being created by Monterey County with our
schools to make sure we are addressing issues as early as possible. There was
also in that package a Suicide Prevention assistance which was one of the key
issues identified in that community concern about their young people that
might have some of those tendencies and making sure we get them the
resources. He was appreciative to see these items on today's agenda. They
also had Dia Del Trabajador this last Sunday in Greenfield which was very well
attended. They had some amazing corporate partners including Waste
Management, Tanimura & Antle, Rio Farms, Mission Ranches and others who
donated wonderful hats so that our laborers here in our community could have
that hat to protect themselves from the elements when they work to help put
food on our tables. The last town hall he had was about a week ago in Bryson
Hesperia. They had a major issue come up. A tower had been erected in that
community that had not gone to the local LULAC so in order to respond to that
they are having another town hall tomorrow night to specifically address that
issue in that community. He thanked staff for responding quickly to make sure
we can get the right resources into the community to have that conversation.

Supervisor Jane Parker passed on comments this week.
