| I have been informed of the benefits of BBT's Tire Maintenance Certificate program. ALL-WHEEL DRIVE VEHICLE NOTICE - Most manufacturers recommend the rolling radius of all 4 tires must be the same. Tires should be replaced in sets of 4 to match brand, size, design and tread depth. Please consult your owners manual for the Original Equipment Vehicle Manufacturers recommendations. TWO TIRE PURCHASE ONLY - SAFETY ADVISORY - The Tire Association Council states that if only two new tires are installed on the front of a vehicle, the rear worn tires could lose their grip under load or slippery conditions causing loss of control. |      |                                                                                                                                            |       |       |         |        |         |
