INTER-OFFICE MEMORANDUM

July 13, 2026

TO: Klarissa J. Peña, President, City Council

FROM: Timothy M. Keller, Mayor

SUBJECT: Resolution Authorizing the Acceptance of Grant Funds from the New Mexico Department of Health

Attached is a Resolution authorizing the acceptance of grant funds from the New Mexico Department of Health (NMDOH). Total award amount of One Hundred Thirty-One Thousand One Hundred and Thirty-Nine (\$131,139) from NMDOH with no match will provide an appropriation to the City of Albuquerque Environmental Health Urban Biology Division. This grant funding will expand mosquito surveillance both in Albuquerque and Bernalillo County, but also central New Mexico. The funding will allow the Urban Biology Division to offer training and technical support to regional partners in cooperation with NMDOH's initiative to expand mosquito surveillance in the State of New Mexico

The total of One Hundred Thirty-One Thousand One Hundred and Thirty-Nine (\$131,139) will be awarded to the Environmental Health Department. This funding will help the Urban Biology Department nearly double the amount of mosquito and arbovirus surveillance performed in Bernalillo County. Increased surveillance will allow the Division to make better informed vector control decisions. This funding will also allow the Division to work with regional partners, and to provide training and technical support for additional mosquito surveillance.

Cover Analysis

1. What is it?

Legislation to approve Resolution for Authorization and Acceptance of Grant Funds from the New Mexico Department of Health (NMDOH). This legislation will provide funding to expand mosquito surveillance both in Albuquerque and Bernalillo County, but also central New Mexico. The funding will allow the Urban Biology Division to offer training and technical support to regional partners in cooperation with NMDOH's initiative to expand mosquito surveillance in the State of New Mexico

2. What will this piece of legislation do?

The approved resolution will authorize the acceptance of a One Hundred Thirty-One Thousand One Hundred and Thirty-Nine (\$131,139) grant to expand mosquito surveillance in Albuquerque and Bernalillo County, as well as provide training and technical support to partners expanding mosquito surveillance in central New Mexico.

3. Why is this project needed?

Mosquito borne diseases impact the residents of Albuquerque and New Mexico every year. West Nile virus occurs annually in New Mexico, St. Louis encephalitis virus has recently reemerged in the state, and invasive species with the potential to spread dengue, chikungunya, and Zika viruses continue to expand their range in New Mexico. Outside of Albuquerque, little is known about the range of vector mosquito species and the occurrence of arboviruses in the mosquito populations in New Mexico. This NMDOH initiative aims to increase both mosquito and arbovirus surveillance statewide. This project would more than double the number of mosquito traps set in Albuquerque, and allow arbovirus testing results to better inform vector control decisions.

4. How much will it cost and what is the funding source?

The award from NMDOH is One Hundred Thirty-One Thousand One Hundred and Thirty-Nine (\$131,139) There is no local match.

5. Is there a revenue source associated with this contract? If so, what level of income is projected?

No

6. What will happen if the project is not approved?

The Urban Biology Division will be unable to expand mosquito surveillance in Bernalillo County, and will be unable to provide support and training to regional partners. Existing mosquito surveillance in Bernalillo County will continue.

7. Is this service already provided by another entity?

No. The Urban Biology Department is one of the few mosquito control programs in the State of New Mexico performing routine mosquito surveillance.

COMMENTS: This is a grant from the State of New Mexico Department of Health for mosquito surveillance program. There is no City Match requirement for this grant. This grant will be hiring three temporary employees to work during the mosquito season.

COMMENTS ON NON-MONETARY IMPACTS TO COMMUNITY/CITY GOVERNMENT:

This project expands mosquito and arbovirus surveillance across New Mexico to better monitor disease risks, improve vector control efforts, and enhance public health response. The initiative would more than double mosquito trapping activities in Albuquerque and increase statewide surveillance capacity.

The Contractor shall submit certified and documented invoices and vouchers monthly for actual work performed and expenses incurred to the Agency. The Contractor’s failure to submit such payment vouchers, invoices, and supporting documentation within fifteen (15) days after they are due may result in the non-availability of funds for payment and/or the denial of payment by the Agency.

ARTICLE V. Return of Funds

Upon termination of this Agreement, or after the services provided for herein have been rendered, surplus money, if any, shall be returned by the Contractor to the Agency.

The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE AGENCY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.

ARTICLE X. Amendments

- A. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.
