Summary: Proposition 47 requires shoplifting, defined as entering a commercial establishment with the intent to commit larceny if the value of the property taken does not exceed \$950, to be punished as a misdemeanor. Under current law, entering a commercial establishment with the intent to take property exceeding \$950 is burglary, punishable as a misdemeanor or a felony. This bill would amend Proposition 47 by reducing the threshold amount for petty theft and shoplifting from \$950 to \$400. The bill would provide that it shall become effective only when submitted to, and approved by, the voters of California.

Summary: Under current law, when a public offense is committed in part in one jurisdictional territory and in part in another jurisdictional territory, or the acts constituting or requisite to the consummation of the offense occur in 2 or more jurisdictional territories, the jurisdiction for the offense is in any competent court within either jurisdictional territory. This bill would additionally establish the jurisdiction of a criminal action for theft, organized retail theft, or receipt of stolen property as including the county where an offense involving the theft or receipt of the stolen merchandise occurred, the county in which the merchandise was recovered, or the county where any act was done by the defendant in instigating, procuring, promoting, or aiding in the commission of the offense.

Summary: The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.

1st House				2nd House							

Summary: The California Constitution provides that the electors may propose a statute or an amendment to the California Constitution by initiative and approve or reject a statute by referendum. An initiative measure may be proposed by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by the required number of electors, as prescribed. A referendum measure may be proposed by presenting to the Secretary of State a petition that sets forth the statute or part of the statute to be submitted to the electors, and is certified to have been signed by the required number of electors. Before the circulation of an initiative or referendum petition for signatures, the California Constitution

requires that a copy of the petition be submitted to the Attorney General, who must prepare a title and summary of the measure. Existing statutory law also directs the Attorney General to prepare the ballot label and the ballot title and summary that is included in the state voter information guide for each measure that appears on a statewide ballot. This measure would transfer from the Attorney General to the Legislative Analyst the duty of preparing the title and summary for a proposed initiative or referendum. The measure would also require, for each measure that appears on a statewide ballot, the Legislative Analyst to prepare the ballot label and the ballot title and summary for the state voter information guide.

(Muratsuchi D) Local government: police power: municipal affairs: land use and zoning.

Introduced: 3/16/2021

1st House				2nd House							

Summary: Would provide that a county or city ordinance or regulation enacted under the police power that regulates the zoning or use of land within the boundaries of the county or city would prevail over conflicting general laws, with specified exceptions. The measure, in the event of the conflict with a state statute, would also specify that a city charter provision, or an ordinance or regulation adopted pursuant to a city charter, that regulates the zoning or use of land within the boundaries of the city is deemed to address a municipal affair and prevails over a conflicting state statute, except that the measure would provide that a court may determine that a city charter provision, ordinance, or regulation addresses either a matter of statewide concern or a municipal affair if it conflicts with specified state statutes. The measure would make findings in this regard and provide that its provisions are severable.
